## Open Enrollment Seats for 2025-26

This chart outlines the “maximum class size” definitions established for annual revision and adoption by the School Board in alignment with its Open Enrollment Policy (#5113). The available spaces for Open Enrollment applicants are determined based on the approved maximum class sizes. A minimum of five seats are reserved at each grade level for in-person enrollment, while capacity for the Odyssey Academy of Virtual Learning is defined and allocated by grade bands.
