

Barlow Park Board Highlights

January 2025

Barlow Park Elementary

Dental hygienist students from Fox Valley Tech came into Mrs. Vakirtzis' classroom to do a presentation on dental health. Students moved between 3 stations and learned about the best ways to take care of their teeth. Each student received a goodie bag filled with a toothbrush, toothpaste, floss, and a couple of other fun items.

2nd Graders in Mrs. Adams class love to show their creativity during morning STEM tubs.

Barlow Park 4K

Ms. Wiese's class enjoying some play doh and rubber band activities prior to winter break
