**Happy to be back at school enjoying recess time on orientation days!**

**Brain Bin Time!**

**Exploring all the new puzzles in Mrs. Minch's Classroom**

**The 2nd Grade Team at Barlow Park eager to welcome back students!**

---

## Barlow Park 4K

The children in Mrs. Friday's 4K classroom are rotating through our classroom centers. They are taught what the area is, how they play with the tools, what they can learn while playing in the center and how to clean-up. We already have seven different centers (Library, Table Toys, Block Area, Sensory Table, Dramatic Play Area, Playdough Area and Floor Puzzle Center) that the children are exploring.

Mrs. Giese's EC and 4K friends have had fun exploring with new learning tools including hole punches, giant pokey pins, and tweezers. We will continue to learn about how these tools make our brains and bodies strong!

Splashing Back to School - 4K outreach event on orientation days!
